

## Columna Ø31 ajustable en altura Mesas auxiliares Height adjustable Ø31 column Auxiliary tables

Columna de Ø31 para la regulación de altura de mesas auxiliares. Varias medidas y acabados  
Column Ø31 for auxiliary tables height adjustment. Various sizes and finishes

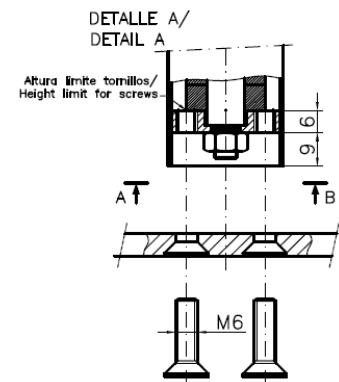

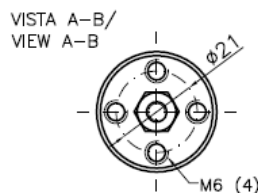

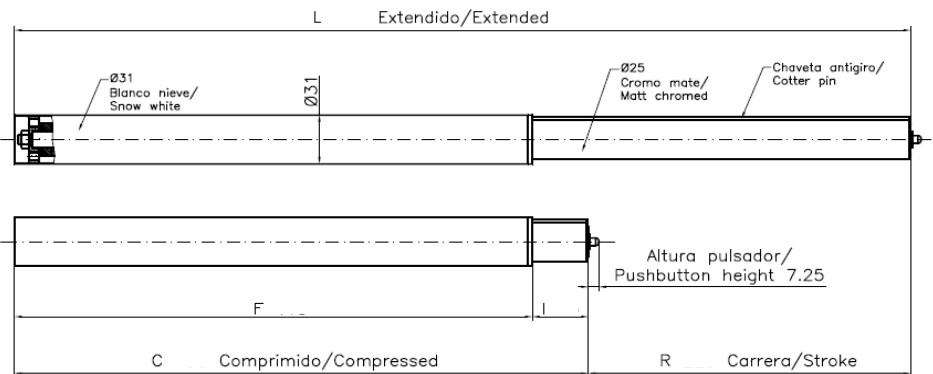

La columna tiene un sistema de chaveta/chavetero que evita el giro. La columna solo ajusta la altura, no gira.

The column has a key/keyway system that prevents turning. The column only regulates in height, the worktop does not rotate

Código Code	C Comprimido Compressed	L Extendido Extended	R Carrera Stroke	F	NW Force
